Michele,

FYI. This should go to the regional POC

Christie,

This would be something that the region can fact check for you. This would be something that they would handle, if it happened.

Thanks,

Melanie

Hi Shahid, is this something you can help me fact check, or should I check with r8?

Thanks for all your work today.

Hey one thing I wanted to just fact check is this – can you tell me (by fairly early Thursday) if any issues with this – just fact checking. Thanks.

Following 2004/2005ish studies showing water quality was worsening, EPA began weighing a Superfund designation, sending a preliminary letter around two years ago to Kinross Gold Corp., a large Canadian mining company that now owns the Sunnyside mine (among other moves).

Thanks!

Thanks Christie. Honestly you are a great PIO to work with (that's not a complement I give out willy nilly, or hardly ever).

I'm thrilled. Just let me know what you need - the more time you can give me the better. And let's chat when you know what you'll be writing after this, esp if you want to brainstorm ideas.

Hi Dan,

Hope to have something for you later today or tomorrow before your deadline.

Let me know what else you might need.
